Movie Night With Finn And Jake

Prologue: A Memory To Remember

...

Would you like to know a secret?

_ Since I can't hear you say anything, I'll take that as a yes._

_ Whenever I feel down, or when life deals me a bad hand, and I want to lift my spirits a bit, I think back to better times, specifically one in particular._

_ While there are others, this one is a bit different from most. First, what happened caused a lot of stress and even more awkwardness to both me and several others. Second, it takes place somewhere I'd otherwise try to forget. Last, it involves a multitude of people that I haven't seen for the last three years of my life._

_ And yet, this memory contains one of the few instances where I felt like nothing could possible bring me down. By the end, I felt invincible, even damn near immortal. I was surrounded by nothing except the people who I came to respect and love, both family and friends alike._

_ It taught me that even in the most uncertain of times (which is putting it gently in my case), there could be moments, as small as they are, where everything could feel just right in the world. Where

it feels like you could take on the ruler of the Nightosphere himself and still come out on top._

_ Now, let's start this story off._

_ Some call me the Last Human of Ooo (or Earth, depending on who you are). Others call me by the name given to me by my parents, though I rarely use it._

_ Instead, I go by the name I've come to know and love since I was just a little boy._

_ My name is Finn._

_ And this is the tale of how I gathered every friend I knew, to come overâ€¦_

_ â€¦and watch a movie._

** So, I decided on completely remaking this on, even the ending [I'm so sorry for that].**

** Anyway, thanks to those who supported me! Couldn't have finished it without you!**
